Little Bent Farm's "Non-Traditional" CSA

What is our Non-Traditional CSA?

CSA stands for community supported agriculture. CSA is a simple idea in which a "Member" buys a "Share" of a farmer's harvest at the beginning of the growing season when expenses are high, and income is low to help financially support the farm. In return, the members have a source of food for the season at no further cost.

Why do we call ours Non-Traditional? You can purchase a CSA share anytime throughout the year. We give you the option to choose what and how much produce you wish to receive each week. If you don't like beets and can't stand hot peppers, let us know. We want the CSA to work for you. We don't want to overload you with something you don't like. Each week's share consists of a variety of what we have freshly harvested that week. Members receive our weekly harvest e-mail in which we list what is available.

We grow as much as we can, but we can't grow everything. To offer greater variety, we partner with other local farmers who grow with the same values and principles that we do. You can expect seasonal items from our partner farms such as berries, sweet corn, apples, ginger, etc. We also offer canned goods, specialty meat, cheese and baked goods from our partner farms. These items will also be in our weekly harvest e-mail. Members may add on any of these items to their weekly share. If you would like less or more of anything send us an email at littlebentfarm@gmail.com.

Our website has blog posts and videos that include information on how to prep vegetables, recipes, nutritional information and news about the farm. Be sure to check out the website at www.LittleBentFarm.com and follow us on Facebook and Instagram @ Little Bent Farm.

What does it mean to be a Non-Traditional CSA customer:

- You are a **priority** customer. Your CSA will be filled first each week, and you don't have to worry about ordering or getting to the Parlor early. Your CSA share will be packed and ready for pick-up on Saturday at the Parlor 9 AM – 2 PM or can be delivered within a 10-mile radius on Saturday between 8 AM – 3 PM.
- You choose the size of a CSA share that best fits your needs. \$20, \$25 or any amount that you want (in increments of \$5).
- Members may always purchase extra items from our online store in addition to their weekly CSA share.
- Members have priority access to items with limited quantities that are not yet available to other customers.
- You have the option of paying weekly, monthly, quarterly or annually. We accept Cash, Check, Debit/Credit Cards, PayPal and SNAP-EBT. If you choose to pay quarterly or annually, you will receive 10% of your payment in additional funds available to use in the online store or at the Parlor.
- You can skip weeks of delivery if you are going to be out of town or just don't need any produce that week/s or you can cancel your membership entirely. Email us at littlebentfarm@gmail.com one week in advance.

We appreciate your support and your business
